

The Community Counseling Center is this community's own counseling and prevention agency. Created by the Village and Town of Mamaroneck and Village of Larchmont we are a public, non profit center whose purpose is to provide a "safe haven" of help and support for our local youth and families. We have quietly and confidentially assisted thousands of your neighbors and friends with various types of problems over the past 30 years. Our dedicated, caring and professional staff provides individual and family counseling, crisis intervention, parent and community programs, school prevention programs and professional consultations and referrals.

If you need a helping hand, new tools to make changes in your life, or simply some hope and support to create a better way please feel free to call us. We're your local center and we're here to help. Executive Director: Dr. Mark Levy, at 234 Stanley Avenue, Mamaroneck, NY 10543, (914) 698-7549, LMCounseling@aol.com. You can find us on our website at: www.communitycounselingcenter.org
