RE: FY 2021-22 Village of Mamaroneck Tentative Budget

Dear Mayor Murphy, Deputy Mayor Wenstrup, and Trustees Lucas, Natchez, and Tafur.

I am pleased to submit to you the Village of Mamaroneck Tentative Budget for Fiscal Year 2021-2022. Total tentative expenditures are projected at \$39,570,234. This is the tenth tentative budget submitted to the Board of Trustees after the state-wide Property Tax Levy Cap was enacted in May 2011. For fiscal year 2021/22, the allowable increase in the property tax levy is 2.9718%.

In years past, the Village has had 8-9% increases in expenses year after year, but year we have been able to maintain the expense lines to only a 2% increase overall even with the regular and mandated increases in pension, health costs and some insurance lines. Maintaining the 2% increase in overall expenses is due to the Department Head cooperation and willingness to follow my directive of a 10% cut when possible in the Group 2 (equipment) and 4 (contractual) categories. They achieved this with careful analysis and targeted reductions, while maintaining the excellent delivery of services our residents expect.

In the Village of Mamaroneck, employees' costs account for about 70% of the overall budget. While we have been very aggressive negotiating employee contracts, some costs, such as fringe benefits, go up annually and are out of our control. Last year, we were able to negotiate a \$200,000 reduction in insurance costs and we are still looking for ways to reduce those lines again. However, we have no control over pension and other mandated costs that impact our fringe benefit rate. That is why we look to reduce in other areas whenever we can. Additionally, some positions remain unfilled because with the proper management and oversight, we can achieve the same result at a lower cost. Engineering is an example. In the past year, albeit during a pandemic, my office has lowered the engineering functions of the Village by spending only \$24,566 in areas that did not involve a legal demand settlement or Order on Consent. The model of using an outside consulting Engineer to work closely with the Managers Office is working and reducing our engineering costs.

This budget restores many Public Works and Parks frozen positions. That is important! We are promoting an existing employee to a Senior Office Assistant to effectuate a plan we developed in the Planning and

Building Departments plus adding a permanent part timer to help the office better serve the public. We added full time positions in the Court at the Justices insistence. We funded another Court Clerk and promoted a part time employee to the position of full-time Cashier. While speaking about the Court, we have reduced revenue projections in the Fines and Forfeiture line by \$200,000 this year due to the ongoing issues associated with COVID-19. That revenue line has been very weak for the past two years, including a 50% reduction in collected fines this year. We also lowered the revenue projections for Sale Tax Collections, Railroad Parking Permits/Stickers and On-Street Parking Meters through careful analysis and in part due to the conversations that the Board and staff were able to have by starting this budget process much earlier than in the past. In fact, we started the budget process 30 days earlier this year. I think we have set a new standard in the budget process. To that end, we also have a much more comprehensive Capital Budget process with details on every single item requested, with justifications and facts on the benefit of replacing or purchasing items or doing a capital project.

While debt service is up over 15%, one of the biggest reasons is our community did not pave streets for over **FIVE** years. I am proud to have pushed staff to “catch us up” in 2019 and 2020. In the past two years, we paved over 49 streets, reconstructed over 50 catch basins, and constructed many new ADA curb ramps. After Halstead Ave is reconstructed this year (almost one full mile of full reconstruction), we will embark on a regular paving schedule of \$500,000 to \$600,000 per year. No more sitting on our hands! We will soon initiate a Pavement Condition Index (PCI) Report that will analyze the state of every village-owned road in the Village and provide a plan and estimate for ongoing road resurfacing operations.

We will also utilize existing sources of funding for improving recreation and parks facilities and focus on doing as much work in-house as possible with new leadership at Parks to further stretch those dollars. That is also the case at the Harbormaster Unit under the leadership of the new Harbor Master, Jeff La Russo.

Regarding the careful stewardship of the public’s money, I am proud of the excellent audit reports each year under the watchful eye of the Clerk-Treasurer as well as fully implementing the Purchase Order system, a new method to watch over legal expenses and insurance payments and dealing with over a dozen instances of identity theft of our employees. We do not allow much to pass us by.

I also want to talk about what a community like Mamaroneck can do in the face of adversity. We are proud to have a BLM mural in the Village, we are preparing a new Police Reform and Reinvention Plan, we now have three women as Department Heads in our organization and women of color in leadership positions (we had none 2019). We assist in the great work of the Larchmont/Mamaroneck Hunger Task Force with the distribution of food for 700-1000 families each week all while dealing with a global pandemic. Imagine what we can do when this dark cloud is no longer hanging over our heads. The sky is truly the limit!

As I mentioned, fiscal year 2021/22, the allowable increase in the property tax levy is 2.9718%. Taking the tax levy from last year of approximately \$26,203,313 and multiplying it by 2.9718%, the allowable increase in tax levy amounts to \$778,707. For a point of reference, the increases in health insurance, pension costs, general insurance, and required employee tax contributions are approximately \$1,342,831. Given these major cost increases and reductions in several key revenues such as On Street Meters, Fines and Forfeitures building permits, and Commuter Parking, the tentative budget provides for an overall increase in the levy of \$778,261, or 2.97%.

Between now and the scheduled budget adoption date of April 26, 2021, the Board has the option of exceeding the levy cap if required. Currently the levy increase proposed is 2.97%, which is under the levy cap by a projected amount of four hundred and forty-six dollars (\$446). If the Board of Trustees finds it necessary during deliberations and review of the budget to exceed the tax levy cap, that determination will require the Board to adopt the local law overriding the Property Tax Levy Cap. This law has been

submitted to the Board of Trustees and is presently scheduled for a public hearing at the March 22, 2021 regular meeting of the Board of Trustees.

The preparation of the tentative budget is the result of a collaborative effort among the Clerk-Treasurer's Office, the Department Heads, the Assistant Village Manager, and me. We have been working diligently on this overall budget for the past few months when each department was asked to start preparing their initial budget requests in December 2020. As part of the standard preparation process, each department head prepared a proposed budget for his or her respective department, which included operational cuts of 10% in group 2 and 4 lines and capital requests. These numbers in turn have been reviewed, adjusted, amended, and finalized into the Tentative Budget that is being presented to you.

The process to develop the Village's Capital Budget and Plan was revised for FY 2020/21. This year working with staff, Capital Improvement Project sheets (CIP) were revised to incorporate the impacts of COVID 19 pandemic. In essence, we delayed most capital project and equipment purchases for one budget cycle.

Over the course of the last several weeks, 30 days earlier than in previous years, the Board of Trustees conducted department head budget reviews in preparation for adoption of the fiscal year 2021-2022 budget.

We recommend the budget be adopted at the Regularly Scheduled Board of Trustees Meeting on Monday, April 26, 2022. The Budget Hearing officially opens on Monday, March 22, 2021, and is included in the Board Meeting Agenda on that night.

Assessments, and levy rate

The Village ceased being an assessing unit in 2015 after the Town of Mamaroneck conducted its revaluation and changed its taxable status date to match that of the Town of Rye. Had the Town of Mamaroneck not made that change, the Village would have been required by law to maintain its assessing unit. The elimination of this Village function saves the Village approximately \$100,000 per year, based on salaries, fringe benefits including pension, social security, contractual and other related expenses. While we continue to litigate tax certiorari proceedings dating back prior to 2015, we are now at full value assessments in both the Town of Mamaroneck and the Town of Rye. As such, we estimate it should reduce the number of high-cost certiorari tax refunds moving forward since the numbers have been updated to more current, present day values, rather than the Village's former assessments. However, this year in the short term, the Town of Rye estimates an additional 330K in tax certiorari settlements.

The two Towns' assessed values total approximately four billion, two-hundred eighty-eight million, six-hundred three thousand, four-hundred seventy-seven dollars (\$4,393,748,788). In terms of the tax levy rate, the rate increases by two-point nine seven percent (2.97%) above last year's rate, so the projected rate would change from \$6.119 to \$6.1409.

The new Village of Mamaroneck tax rate, **which is subject to change pending final assessed values from the Towns of Rye and Mamaroneck**, is calculated as follows:

Village of Mamaroneck, using updated values from Towns of Rye and Mamaroneck
Value \$4,393,748,788
Levy \$ 26,981,574
Levy % rise: 2.97%
Rate = levy / value (per1000)
=\$26,981,574 / \$4,393,748,788
2021/22 Rate = \$6.1409 (per1000AV)

With regard to the Village of Mamaroneck's budget, and municipal budgets in general, many external factors, impact our approach to budgeting and certain programmatic priorities and decisions such as increases in pension costs, health care costs, and utilities, all of which are beyond our control, but these expenses must be paid in full.

Certain revenue items are also beyond the Village's control, including the largest non-property tax revenue, Sales Tax. With the increase in the sales tax rate for Westchester County, we are anticipating \$3,666,577 in revenue. The mortgage recording tax is also beyond the Village's control and is often subject to monetary policy decisions made at the federal level.

Based on our experience, it is anticipated that the tight fiscal limitations we have faced over the past years due to the post COVID economy will remain for at least the next year and could continue for several more.

Economy:

The United States economy has been growing for the past nine and a half years and expectations are that it will continue to grow albeit at a smaller rate than the past few years. In this context it is worth noting that local governments are often the last to be impacted by economic downturn as well as the last to benefit from strengthening economic conditions as there is a 2-3 year lag between home prices and property tax rolls¹ and it is anticipated that the Fed may adjust interest rates 1-2 times in the next year.

The national unemployment rate as of February 2020 is calculated by the US Bureau of Labor Statistics' (BLS) to be 3.5%, while the White Plains/New York/Wayne, NJ unemployment rate as of December 2019 was 3.3%, so these are comparable and positive, translating into relatively stable unemployment rates. However, underemployment in the United States, which includes, total unemployed, plus all marginally attached workers, plus total employed part time for economic reasons, as a percent of the civilian labor force plus all marginally attached workers is seven-point seven percent (7.7%) for New York State with it being slightly higher for New York City at eight percent (8.0%).²

Village Budget impacts and major cost increases:

Medical care and pension costs continue to have economic impacts nationwide, as they do for the Village of Mamaroneck. We are forecasting an overall twenty-four percent (24%) increase in pension costs or \$634,650 (our biggest increase in the last 20 years) and a 4.67% increase in health insurance or \$249,042. These two items are approximately 22.44% of the overall village budget.

Revenues and Expenditures

Based on this snapshot of the post COVID economy, it helps to further explain other major impacts on the tax levy over the past ten to fifteen years and to note that we now face overall decreases in revenues in our four main, non-property tax funding streams. These are:

1. Sales Tax
2. Mortgage Tax
3. Building Permits
4. Interest Earnings

Each of these revenues are dependent on the strength of the economy, and the economy has been growing for the past several years, since roughly 2007. The Sales Tax is forecasted at over \$3,666,577 for 2021/22, which is a result of the sales tax projected decrease.

² <https://www.bls.gov/lau/stalt19q4.htm>

While there are increased revenue projections in some areas for Fiscal Year 2021/22 as a result of recreation fees, the overall tax burden on taxpayers has not kept up to a number of external factors such as health insurance costs and notably pension costs. For comparison I prepared the table below to show how our tax levy amounts have risen over the past nineteen years, with a parallel to pension costs. The pension number is important to note, because of its partial but not full exclusion under the Tax Cap Law.

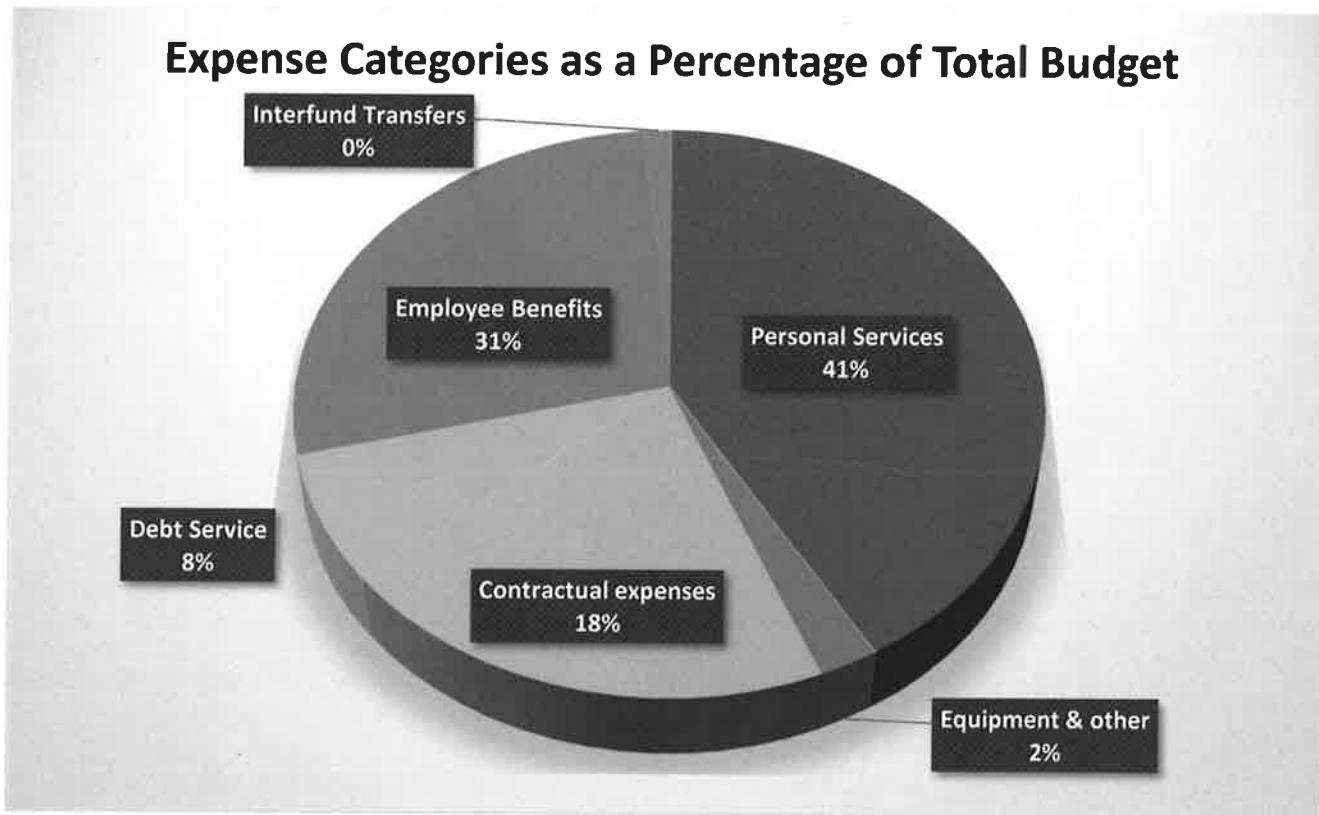

Tax Levy Increase Amounts for 20 years leading up to and including March 2021:

The Administration, Department Heads and staff have put together a total tentative budget spending increase of five-point four eight one six percent (5.4816%), with a total levy increase of point two-point nine seven percent (2.97%). The tentative tax rate has been calculated at six dollars 14 cents (\$6.14) per thousand dollars of assessed full value. The Village is continuing the annual suggested appropriation of \$600,000 of unrestricted fund balance. This is an increase of \$0.02 per thousand dollars of assessed value, or.0033% in the tax rate.

Tentative Budget detail:

The taxable assessed valuation losses over the past decades no longer need to be noted, because the Village abolished our assessing unit function, and the Towns of Mamaroneck and Rye now perform the assessments for us. Therefore, the values now being used for taxing purposes are at full value. While this would normally result in reduced tax certiorari refunds going forward, the impact due to the elimination of SALT deductions is not known at this time.

The tentative budget for 2021-2022 includes General Fund appropriations of \$ 39,570,234, estimated tax revenues of \$ 26,981,574, estimated non-property tax revenues of \$11,988,660, plus an appropriation of \$600,000 of unreserved fund balance. Appropriations, or spending, in the tentative budget on Village functions (excluding Library debt and interest, and payments from the Library to cover that) increased by 5.48% from the 2020-2021 Adopted Budget. Estimated non-property tax revenues, excluding Library

expenditures and revenue, increased by \$ 1,278,117, roughly eleven-point nine three percent (11.93%) over last year due largely to the increase in the sales tax.

Non-spendable	\$0
Restricted fund balance	\$ 9,962
Committed fund balance	\$335,694
Assigned fund balance	\$ 1,229,081
Unassigned fund balance	\$ 12,697,722
Total Fund Balance	\$ 14,272,459

- We are recommending the use of \$600,000 of Unassigned Fund Balance to offset and reduce our reliance on property taxes.
- Contingency Account: The contingency account this year remains at \$150,000, for unplanned and emergency expenditures. We have several ongoing projects and initiatives for which some of this contingency may be used. This number is less than half of a percent of our total tentative general fund budget.
- Funding for Certiorari – at this stage in the budget process, based on current and projected certiorari predicted for the Fiscal Year 2020/21, and the fact that several very large certioraris are anticipated, the Village is increasing the total appropriation for this item to **\$680,000**.

In my capacity as Budget Officer, it is my duty to submit a responsible and balanced tentative budget to the Mayor and Board of Trustees. The staff, the department heads, the Clerk/Treasurer and my office have worked diligently to put together a tentative budget that will fund the programs and services residents have come to expect from our Village government, as well as abiding by the mandatory Order on Consent. We have made substantial efforts to do so and reach a controlled operational spending plan, while keeping taxes and fees within reasonable limits.

This tentative budget document represents the completion of the first phase of the budget process. The next phase includes the review or Revenue and Expenditures as presented and Capital Budget items.

Copies of this tentative budget will be submitted to the Mayor and Board and will at the same time be made available to the Budget Committee and the general public, on March 23, 2021. Copies will be available online only on the Village's website.

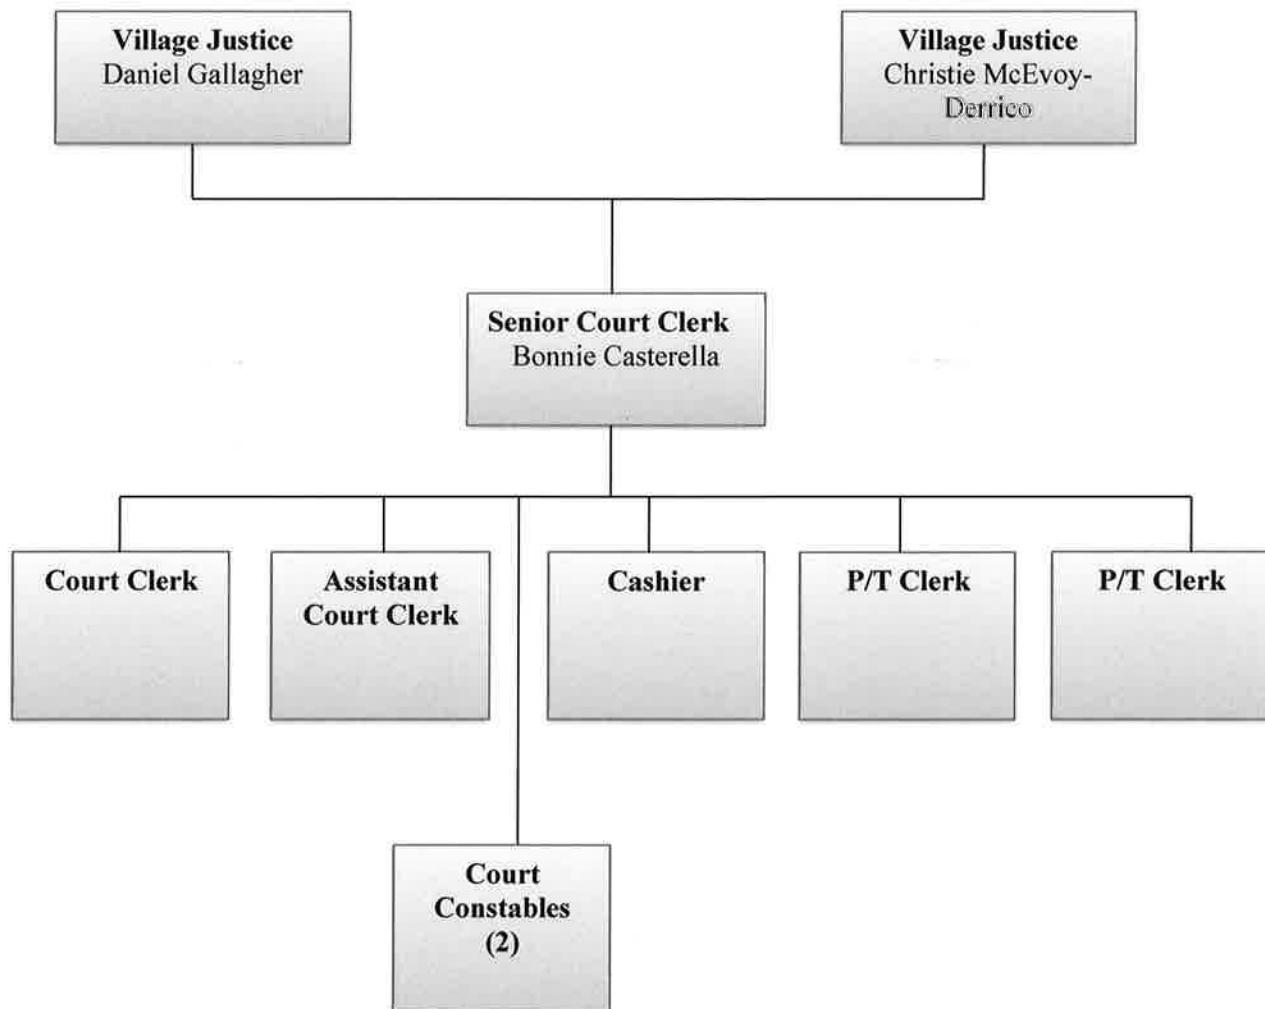

I would like to thank the Mayor and Board for your guidance and direction in advising the Village Administration of your priorities to assist us in preparing this budget. Thanks, and kudos go to Agostino Fusco Clerk-Treasurer, Laura Vasami, Deputy Treasurer, Assistant Village Manager, all department heads, all Manager's Office and Clerk-Treasurer's Office staff, the Budget Committee, and all village-wide support staff for assisting with the compilation and preparation of the information that was used and analyzed to prepare this document. It has been an extremely difficult year as we continue to fight a vicious virus during this global pandemic, but the vaccine roll-out continues each and every day. May we all remain safe and healthy as we finally get to the end of the longest State of Emergency periods in recent history.

Respectfully submitted,
