Re: 2011 - 2012 Village of Mamaroneck Tentative Budget

Dear Mayor Rosenblum and Board of Trustees:

We are in the chute, as may have been said more than once by a white water rafter in a narrow, steep, rapid river. Where we end up depends on how well we steer and row our boat. Fiscal Year 2010-11 for the Village of Mamaroneck has been a challenge due to a stagnant economy – our river has been slow. The year has also been difficult due to the continuing cost for tax certiorari refunds. Another item has been the harsh winter which has resulted in snowfall amounts totaling approximately double our annual average, which resulted in a major impact on our current operating budget for snow and ice control.

Other outside conditions and forces beyond the control of the Village of Mamaroneck will continue to challenge the Village in Fiscal Year 2011-2012. However, in realization of the substantial difficulties affecting economies on the regional, national, and global level, the Village of Mamaroneck has made efforts to maintain a stable fiscal and operational condition. We should look at some things in perspective to understand how much that stable condition benefits the Mamaroneck community.

Today I am pleased to submit to you the Tentative Budget for the Fiscal Year 2011-2012. During the year, department heads and I have been monitoring the budget continuously in order to ensure that we remain within current limits, and plan and prepare for the future.

The tentative appropriation and estimated revenue figures result in a tax levy of \$22,379,139. This will generate a proposed tax rate of \$300.11 per \$1,000 of assessed valuation, an increase in the rate by \$16.86 per \$1,000 of assessed valuation over last year's rate of \$283.25. This tentative, proposed tax rate represents a 5.95% tax rate increase and roughly calculates to an annual increase of approximately \$252 for an average home assessed at a value of approximately \$15,000.

Thanks and kudos for the preparation of the tentative budget are a result of a collaborative effort among the Clerk-Treasurer's office, the Department Heads, the Assistant Village Manager, and in particular our new Police Chief, Christopher Leahy, who is submitting his department head level budget for the first time. We have been working diligently on this overall budget since December, 2010, when each department received their initial budget worksheets for fiscal year 2011-2012. As part of the preparation process, each department head prepared a proposed budget for his or her respective departments, which included operational and capital requests.

The net changes in the tentative budget appropriations are noted below:

| | Budget Lines | Adopted 2010-11 | Tentative 2011-2012 | Year-to-Year Difference | Percent change |
|---------------------------------|---------------------|------------------------|----------------------------|--------------------------------|-----------------------|
| Personal Services | 100 | 12,705,130 | 12,814,453 | 109,323 | 0.86% |
| Equipment & other | 200 | 659,410 | 714,452 | 55,042 | 8.35% |
| Contractual expenses and other | 400 | 5,450,670 | 6,255,469 | 804,799 | 14.77% |
| Debt Service Principal and Int. | 600 and 700 | 2,993,665 | 2,261,909 | -731,756 | -24.44% |
| Employee Benefits | 800 | 6,619,316 | 7,674,408 | 1,055,092 | 15.94% |
| Interfund Transfers | 900 | 150,000 | 150,000 | 0 | 0.00% |
| | Total | 28,578,191 | 29,870,691 | 1,292,500 | 4.52% |

It must be noted that we are at a crossroads for the staffing and financing of our government operations, which will require a detailed, in-depth review of the Village's staffing and funding of programs, under the policy direction of the Board of Trustees, in cooperation with our department heads and financial staff. An initial example of this in-depth review is the completion of the Malcolm Pirnie/Red Oak Consulting study of Sanitation and Parks operations as part of the Department of Public Works, and it is believed that this will have a substantial impact on how we fund and deploy forces in those two divisions.

The Administrative department heads and staff have put together a tentative budget tax rate increase of five point nine five percent (5.95%), which includes the suggested appropriation of \$510,000 of unrestricted fund balance, with a spending increase of four point five two percent (4.52%). We must note to the Board that there are some vacant positions, and pending vacant positions, which are currently funded that the elected officials should review carefully with the village staff to determine whether it is prudent to fill these positions or leave them vacant in order to control spending and reduce the tax rate increase. Three positions are proposed to be eliminated in the tentative budget. These include the Maintenance-Mechanic Painter position in the Buildings Maintenance division based on a pending retirement, a Sanitation Worker vacancy and a Laborer in the Public Works division based on a pending retirement. Over the course of the next several weeks, the Board of Trustees will be conducting department head budget reviews, so that these questions can be addressed in order for adoption of the fiscal year 2011-2012 budget on or before May 1, 2011. Right now, we recommend the budget be adopted at the Regularly Scheduled Board of Trustees Meeting on Monday, April 25, 2011.

Perspective on economic impacts and conditions:

The year between March, 2010 and March, 2011, has been highly eventful. Events with global economic impacts have had and will continue to have lasting effects on the United States and the New York State economy. Within the first months of 2011, and dating back into early 2010, there have been major events taking place worldwide that will have continuing and expanding impacts on the global economy, including upon the Village of Mamaroneck with our approximately 18,800 residents making up a small part of New York State, a smaller percentage of the northeastern United States, and an even smaller fraction of a percentage of the estimated 6.9 billion people in the global population and global economy.

Some very serious and in some cases disastrous events across the world have taken place during the past year, which will have ripple effects both now and in the future on the global community, of which Mamaroneck is a part.

In the United States, the explosion, destruction of and damage to BP Oil's Deepwater Horizon well in April, 2010, caused it to spew for nearly three months an estimated 200 million gallons of crude oil into the delicately balanced ecosystems and small economies of the Gulf of Mexico. In July, 2010 the Wall Street Journal reported that China passed the United States as the world's biggest consumer of energy, while China's energy consumption was just half that of the United States just 10 years ago. However, in the same article the Wall Street Journal reported that the United States remains the world's largest oil consumer by a wide margin. There is current, global unrest in as many as fifteen key oil-supplying countries. Among the largest is the weeks of protests and political upheavals in Egypt, resulting in the resignation of Egyptian President Hosni Mubarak, after ruling for approximately thirty years. Through February and March, 2011, demonstrations and protests in Libya have challenged the government of Libyan leader Muammar Gaddafi. And on March 11, 2011, off the shore of Japan the magnitude 8.9 earthquake and resulting tsunami caused massive destruction in the country of Japan and devastated the Japanese people. It will have aftereffects for years to come, in human and in economic terms. The local and national economy continue to experience job losses. The price of crude oil has risen again in excess of one hundred dollars a barrel. Just when the economy seemed set to begin a rebound, oil and energy, and political factors relating to the prices of oil and energy, have dampened the flames of economic recovery. This key point means that the Village's four biggest non-property tax revenue sources of sales tax, mortgage tax, building permits and interest income will remain stagnant and not increase by a significant margin.

Another major, specific factor that will affect the operations of the Village of Mamaroneck as a local, municipal government, is that in New York State, the impact of taxes has led the Governor and the New York State Legislature to propose and endorse legislation that would enact a two percent (2%) annual property tax cap on all local taxing districts, including municipalities and school districts. If approved, such a cap will have a direct impact on all our future operations, in terms of our ability to staff departments and provide services to our community. One of the chief concerns for the Village of Mamaroneck is not our ability to maintain cost-efficient operations, or our ability to keep our tax rates low, but the unwillingness of our elected leaders at the State level to enact meaningful mandate relief for local municipalities. The New York Conference of Mayors (NYCOM) published a report entitled, "You Can't

Cap What You Can't Control", which references numerous state-mandated procedures and policies that municipalities are required to follow under State-enacted laws. Also known as unfunded mandates, these restrictions with which local governments must comply impose major expenses annually on local municipalities. One of the most prominent examples is the New York State Pension. Because of the bad economy, loss of principal and reduction of interest on investments, as well as normal payouts to retirees, the NYS Pension has declined in overall value over the past few years from approximately \$225 billion to approximately \$165 billion, a reduction of twenty seven percent (27%) in overall assets of the retirement system. In turn, the bills to municipalities for pension contributions are scheduled to increase by approximately thirty five percent (35%) from this fiscal year to the next in order to make up this shortfall.

If enacted, a 2% cap on annual taxable expenditures will severely limit our ability to provide for the capital purchase, construction and major maintenance needs of all village departments that provide essential services to the Mamaroneck community.

As mentioned in my budget message last year, with regard to municipal budgets the predictability of how to plan for and fund our operations and projects depends on many outside forces, especially on the impacts of the economy. Based on what we have seen, it is anticipated that the tight fiscal limitations we have faced over the past year will remain for at least the next year, and could last for two to three more years after that.

With all things said about the state of the economy, and outside forces affecting our condition, we must plan accordingly and take appropriate steps to control our expenses and make our operations more efficient.

Continuing factors that have a direct impact on budgeted revenues, as considered in our budget, include the weakened economy impacting and reducing the following revenue streams:

- mortgage taxes, caused by the real estate market decline and impacted by job losses;
- sales tax doldrums, directly related to the slow economy, impacted further by job uncertainty;
- building permit revenues stagnation, due to the poor economy
- Interest earnings decline, caused by low continued interest rates from financial institutions on Village deposits, related to the struggling economy.

In light of these factors, the Village of Mamaroneck administration has prepared a carefully constructed tentative budget, which the staff looks forward to reviewing with the Mayor and Board of Trustees.

Tentative Budget detail:

The taxable assessed valuation for Fiscal Year 2011-2012 is \$74,569,322 in comparison to the prior year of \$75,899,132, a decrease in value of \$1,329,810, and a decrease of \$2,331,681 from our assessed valuation of \$76,901,003 in 2009-2010. The loss of \$1,329,810 in taxable assessed value in one year from 2010-11 to 2011-12 represents a loss of revenue base to the Village equivalent to approximately \$401,945, which equates to adding approximately an additional 1.8% impact on the tax levy. It does not mean we have lost taxes or actual dollars. It does mean the total assessed value pie has shrunk, and that value will still be divided into fairly equal parts, based on every individual property owner's values.

The tentative budget for 2011-2012 includes General Fund appropriations of \$29,870,691 and estimated non-property tax revenues of \$6,981,522, plus an appropriation again of \$510,000 of unreserved fund balance. Appropriations, or spending, in the tentative budget increased by 4.523% from the 2010-2011 Adopted Budget. Estimated non-property tax revenues increased by \$251,892, rising 3.83% over last year.

Some focal points in the Village of Mamaroneck Tentative Budget for 2011-12 include:

- Union contract raises of 4.25% for the PBA members in the Police Department, which is in the last year of the current collective bargaining agreement.
- Negotiations are continuing with the CSEA unit members for the contract that ended May 31, 2010, and includes employees in the Departments of Building, Clerk/Treasurer, Court, Parks, Police (clerical and PEOs), Public Works and Recreation. We hope to settle negotiations sometime in the near future.
- Elimination of some positions through attrition that relate to pending retirements, to avoid cuts in staff and limit impacts on services.
- Employee costs total \$20,488,861, including salaries and benefits, which is 68.59% of the total general fund spending plan – these expenses cover salaries, overtime, health insurance, pension costs, social security and other fringe benefits, which are all required either by contract or law.
- Ongoing project efforts to implement flood prevention improvements, on both the operating and capital expense side, to raise our efforts to address flooding through more coordinated, efficient, and effective efforts. This includes everything from having our staff and employees more prepared, having the public more involved and informed of our efforts, and working with our County, State and Federal officials to obtain grants and funding to set up a plan and implement projects to address the flooding that affects our Village. Specific items that should be noted include the creation for the first time of a Storm Water Management budget under the 8140 lines, consolidating \$25,000 from sanitary sewers for catch-basin cleaning and repair, as well as establishing a starting allocation of \$25,000 for river and water way cleaning and clearing. We are also proposing the implementation of a Reverse 911 village-wide call out system, to warn and prepare residents before storms hit and cause damage, so they can protect and reinforce their homes and possessions as much as possible in advance.
- The Village is in the design phase of the Jefferson Avenue Bridge replacement process, which will improve conditions for pedestrian and vehicular travel, and will improve flooding conditions on the Mamaroneck River by eliminating the center bridge support and widening the channel.
- Fund Balance and Beginning Fund Transfer – At this start of the budget review process for the 2011-12 Village Budget, we are recommending the use \$510,000 of un-designated fund balance to offset and reduce our reliance on property taxes. The Village's fund balance, after the appropriation, is approximately 12.29% of our annual operating expenses. This is approaching a stronger point for the Village than last year's fund balance, which was 8.13% of annual operating expenses. Our goal should be to establish and maintain a fund balance in cash of approximately 15-20% of annual operations, to help the Village maintain adequate cash-flow for large, once-a-year payments like the New York State Pension Funds, and to

improve our financial rating by bond agencies to reduce future costs for debt financing. The overall fund balance picture improved significantly from FY 2009-2010 to 2010-2011, and while we will remain diligent, we will be prevented from additional swift improvements to our fund balance by the impacts of the economy on our non-property tax revenues.

- Contingency Account: The contingency account this year remains at \$150,000, for unplanned and emergency expenses. We have a number of ongoing projects and initiatives for which some of this contingency may be used. This number is still only about one-third of one percent of our total tentative operating budget.
- Funding for Certiorari – at this stage in the budget process, based on current and projected certiorari predicted for the Fiscal Year 2011-12, the Village is establishing funding of \$600,000 for certiorari tax settlements and refunds, which is a substantial increase from the \$250,000 budgeted for Fiscal Year 2010-11.

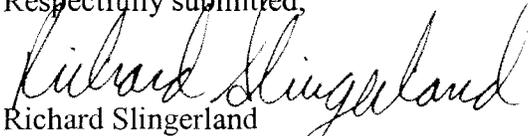

In my capacity as Budget Officer, it is my duty to submit a tentative budget to the Mayor and Board of Trustees. The staff, the department heads, the Clerk/Treasurer and I have put together a tentative budget that will fund the programs and services residents have come to expect from our Village government. We have made substantial efforts to do so and reach a controlled operational spending plan, while keeping taxes and fees within reasonable limits.

This tentative budget document represents the completion of the first phase of the budget process. The next phase includes the review of the budget by the Board of Trustees with the Department Heads, the Budget Committee, and the general public. Subsequent modifications to this plan will be based on that review.

Copies of this tentative budget will be submitted to the Mayor and Board, and will at the same time be made available to the Budget Committee, and the general public, in line with the deadline under NYS Law of March 20, 2011. To that end, the budget is being officially released as of Friday, March 18, 2011. Copies will be made at the Mamaroneck Public Library and the Clerk-Treasurer's Office. The document will be also be available for download on the Village of Mamaroneck's website.

I would like to thank the Mayor and Board for your guidance and direction in advising the Village Administration of your priorities in preparing this budget. I would like to thank Agostino Fusco Clerk-Treasurer, Daniel Sarnoff, Assistant Village Manager, all the department heads, and all of the Manager's Office and Clerk-Treasurer's Office staff for providing information and assistance with preparing this document. I look forward to working with you to amend it to its final form for adoption and implementation.

Respectfully submitted,

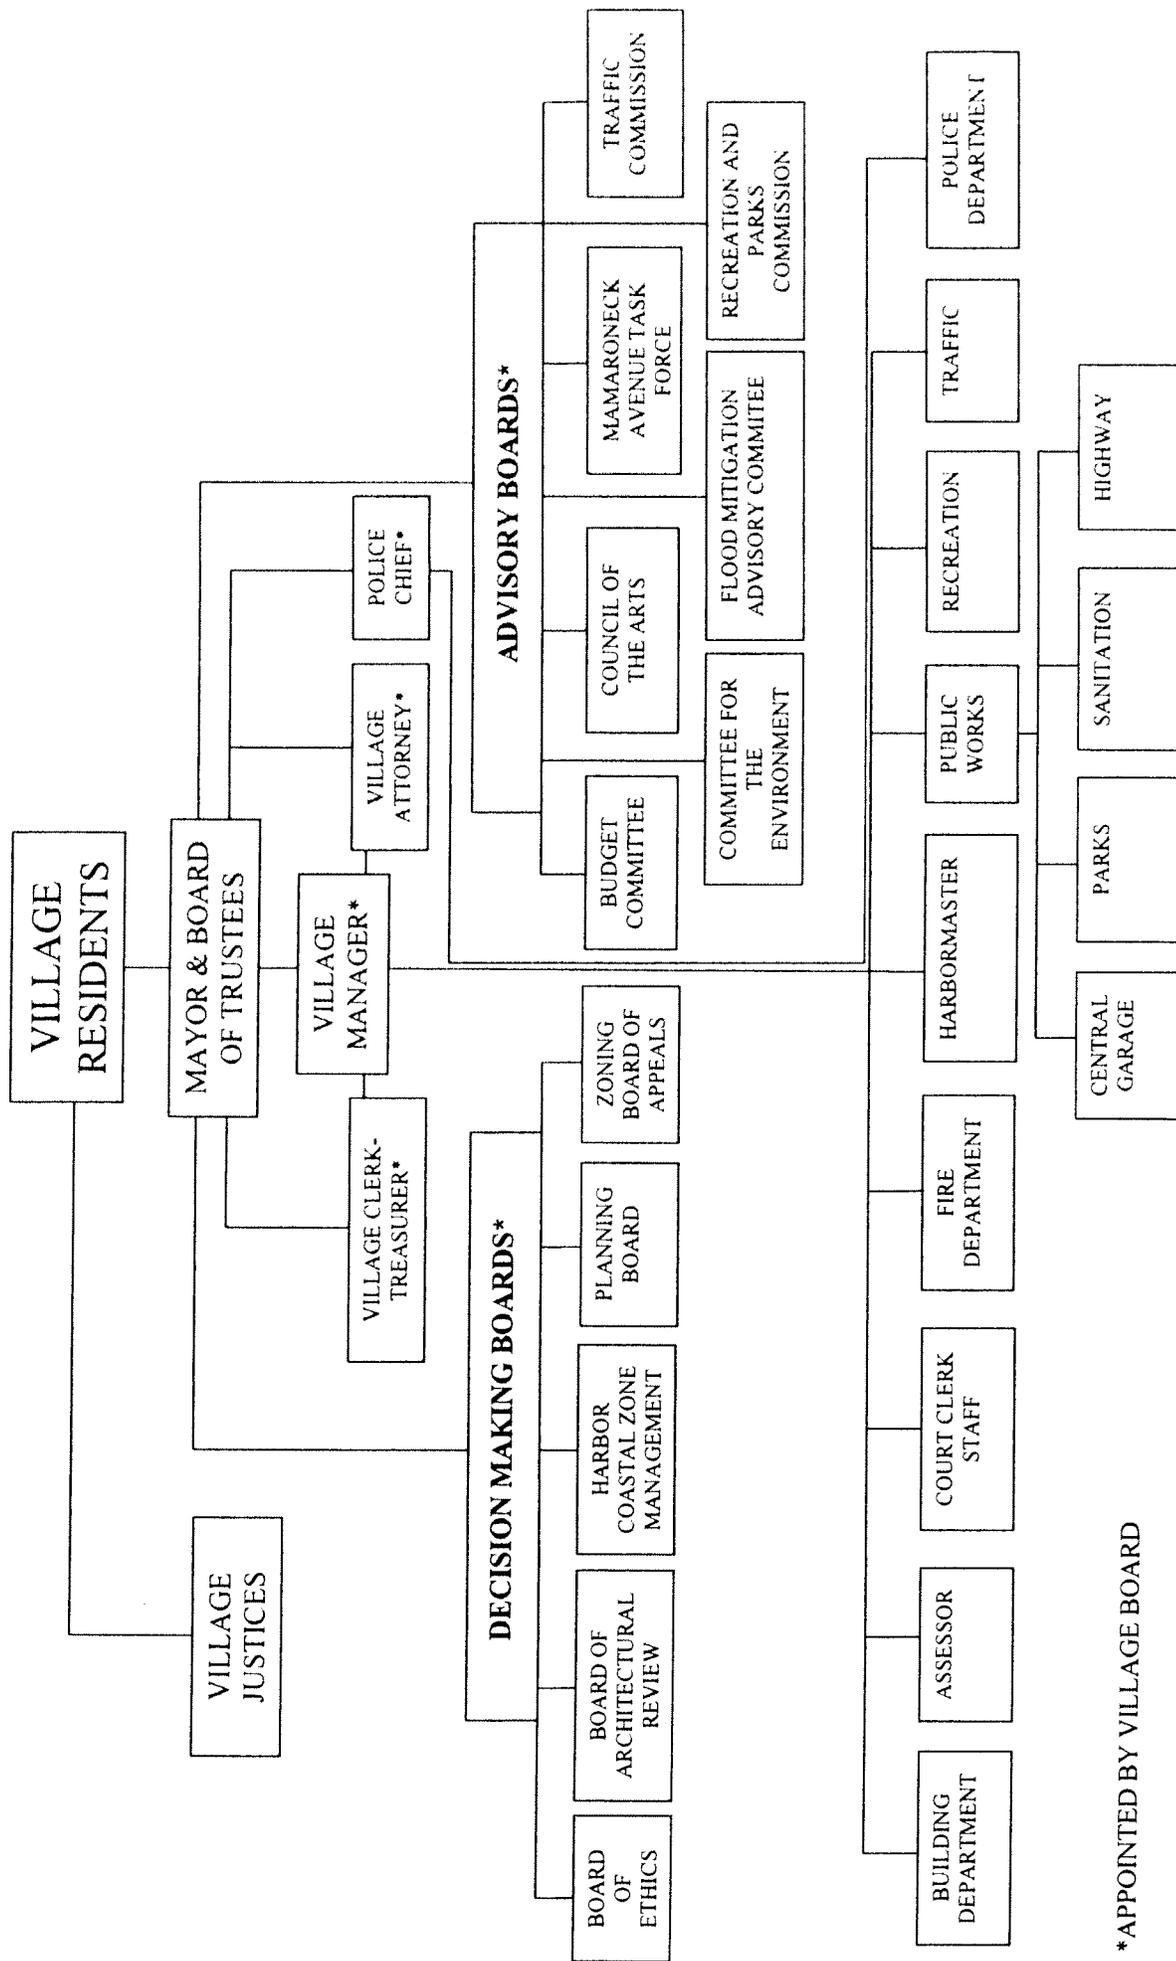

Richard Slingerland
Village Manager/Budget Officer

Mayor & Board of Trustees

The Mayor & Board of Trustees are the elected representatives of the Village of Mamaroneck. The Village operates under a council-manager form of government. Under this form of government, the Village Board sets the overall vision for the community by establishing policy, adopting local laws and resolutions, and controlling the raising and appropriation of funds. An appointed Village Manager is tasked with implementing these policies and overseeing all village operations in an apolitical manner, thereby removing politics from the administration of government and ensuring that the services provided by the Village are delivered in a professional manner. The Village Board also appoints the Clerk-Treasurer and Village Attorney who work closely with the Village Manager in support of this effort. The Village Board also appoints all members of the various Land Use Boards as well as the Advisory Boards and Committee

The Village Board also serves as a Board of Police Commissioners and appoints the Police Chief to administer and oversee the operations of the Village of Mamaroneck Police Department.

VILLAGE OF MAMARONECK, NEW YORK
 GENERAL FUND
 ANNUAL BUDGET
 FOR FISCAL YEAR ENDING MAY 31, 2011

Traffic Department

The Traffic Department is responsible for the operation and maintenance of all on-street and off-street parking meters in the Village of Mamaroneck. Over the past several years, the Traffic Department has been leading the way in transitioning the Village from old-style mechanical meters to battery operated electronic meters which are more accurate and less prone to mechanical failure and tampering. Although there is no industry standard, it is believed that mechanical meters have a failure five times that of electronic meters. The Traffic Department has implemented a database to track all repairs to identify meters which may be more prone to failure. The Traffic Department responds to a majority of Village Court requests for inspection of meters within 24 hours. The Traffic Department also works closely with the Village Manager's Office to develop long term strategies for planning and allocation of parking resources.

The Traffic Department also provides administrative and technical support for the Traffic Commission. The Traffic Department takes photos, reviews request, compiles statistic and advises the Traffic Commission in their review of resident requests for pedestrian and vehicular traffic safety matters. Based on the review and recommendations of the Commission, the Traffic Department prepares the appropriate law changes for the Board of Trustees consideration.

The Traffic Department prepares works orders for the Department of Public Works for Traffic Commission recommendations which are approved by the Board of Trustees, as well as work orders for requests from residents regarding missing signage, insufficient signage, worn pavement markings, pavement markings that may have been paved over etc. The Traffic Department has implemented an electronic tracking system that follows all of these work orders until the work is completed. The Traffic Department has also implemented a database to log all requests and complaints from residents, businesses and other Village departments.

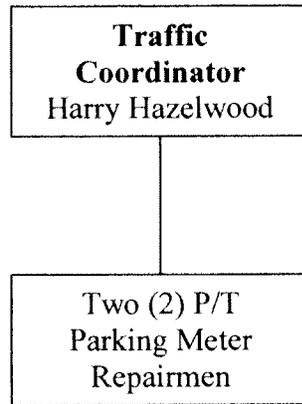

FY 2010/2011 Goals & Objectives

1. Institute a more aggressive parking meter maintenance program to replace batteries on a proactive rather than reactive basis.
2. Identify and correct inaccuracies in Village Code relative to traffic and parking regulations and on-street signage
3. Research and implement Best Management Practices to enhance traffic and pedestrian safety in the vicinity of the schools.

Fire Department

For 125 years the all-volunteer Mamaroneck Fire Department has provided residents of the Village of Mamaroneck with fire protection. The Fire Department responds to the community's needs by providing professional services that are crucial to the safety, health and welfare of the community. This is accomplished through fire suppression, fire prevention, public education, and other activities. Investigations in causes of fires are performed by the Westchester County Department of Emergency Services, Cause and Origination team, which works in conjunction with the Village Fire Department.

There are five (5) volunteer fire companies: Hook & Ladder Co., No.1, Mamaro Engine & Hose Co. No.1, Columbia Engine & Hose Co. No.2, Volunteers Engine & Hose Co. No.3, and Halstead Manor Engine & Hose Co. No.4. The companies operate out of four (4) fire stations with over 200 volunteers.

The Mamaroneck Fire Department operates five Engines, two Aerial Trucks, two Utility Trucks, three Chief's Vehicles, and one Fire Boat. The department responds to approximately 800 fire emergencies a year.

Major thrusts of the Fire Department are the fire education/prevention effort, which involves numerous visits to classrooms, fire prevention fairs and publications and training to ensure that volunteer firefighters are cognizant of current New York State and national standards of performance and maintain the necessary skills to meet those criteria. In total, the Department's volunteer staff of over 200 uniformed members devoted over 12,500 hours to training in calendar year 2010, including many critical and specialized subjects, such as hazardous material mitigation, weapons of mass destruction, federally-mandated incident management training, safe driving tactics for emergency vehicles, certified first responder, vehicle extractions, water rescue operations for both Mamaroneck Harbor and Long Island sound, physical conditioning and strength training, CPR and other firefighting tactics and strategies.

VILLAGE OF MAMARONECK, NEW YORK
WATER FUND
ANNUAL BUDGET
FOR FISCAL YEAR ENDING MAY 31, 2012

Water Fund

In 1927, the Village of Mamaroneck, the Town of Mamaroneck and the Town/Village of Harrison created the Westchester Joint Waterworks (WJWW) through a special act of the New York Legislature. WJWW is a non-profit public benefit corporation which operates the water systems of its three member municipalities. The goal of this organization is to realize efficiencies and economies of scale in the provision of potable water.

The organization has served well for many years in realizing efficiencies and keeping programmatic expenses low. Over the next several years, however, it is anticipated that new federal and State regulatory requirements will mandate an aggressive capital program that will force upgrades and replacement of existing water treatment and conveyance infrastructure.

The Water Fund accounts for the accumulation and payment of the principal and interest payment on long-term debt secured by the general taxing powers of the Village. Expenditures are made from the Water Fund each fiscal year to handle debt service payments to offset that year's debt obligation.
