

Dear Volunteers,

On behalf of the Village of Mamaroneck's Committee for the Environment, I want to thank you for volunteering for the Village's Clean & Green Day, which will take place this Saturday, November 5th.

We encourage all volunteers to come to Harbor Island Park at 9:30am for some opening remarks. PLEASE NOTE: trash bags, gloves, and tools will be provided at Harbor Island Park. These items WILL NOT be provided at individual clean-up sites. Volunteers who need trash bags, gloves, and tools will need to come to Harbor Island Park at 9:30am. (If you cannot attend the opening remarks at 9:30am in Harbor Island Park, you can also meet your group at your clean-up site around 10:00am or 10:30am. Other members of your team may bring items that you can use; however, we cannot promise that.)

Here are some additional items ahead of Saturday's event to keep in mind:

1. We DO NOT anticipate postponing Clean & Green Day. Still, we ask that you check your email and/or the Village's website (www.villageofmamaroneck.org) for any weather-related announcements.
2. Nearly 130 people have signed-up! The 9:30am opening remarks will take place near the Marine Education Center in Harbor Island Park.
3. As always, please be on the lookout for traffic in and around the parking lots and boat ramps. Keep an eye on children.
4. After the 9:30am opening remarks, volunteer teams will set out (either on foot or by car) to their clean-up sites. To remind yourself of which clean-up site you signed-up for, visit the [SignUpGenius page](#). Site clean-up should be over by 12:00pm (if not earlier).
5. Some clean-up sites may have poison ivy. We recommend you know how to identify poison ivy. Click here for a video and some information about how to identify poison ivy and other poisonous plants: <https://www.fda.gov/consumers/consumer-updates/outsmarting-poison-ivy-and-other-poisonous-plants>
6. If your child is in need of a Community Service Letter acknowledging his/her volunteer work, please email me cfe@vomny.org and I will be happy to provide you with a signed letter.

I want to thank the members of the Village's Committee for the Environment as well as employees in the Village's Parks & Recreation Department, the Department of Public Works, the Marine Education Center, and the Village Manager's Office for their help in making Clean & Green Day possible. Most importantly, I want to thank you – all the Clean & Green Day volunteers – for offering your time and service in picking-up litter and beautifying our Village!

Sincerely,

Ellen Silver

Chair, Committee for the Environment
