

Coyote Ad-Hoc Committee Meeting Agenda
Thursday, April 8, 2021

- Update from the VOM on recent coyote activity
- Update on coyote sightings map being posted online
- Update on Coyote PSA video
- Update from schools on distribution of flyer and poster contest

Coyote Ad-Hoc Committee Meeting Minutes (DRAFT)
Thursday, March 11, 2021 via Zoom

Attendees: Karrie Sergio, Dr. Christine Cyriacks, Elizabeth Gillespie, Angelo Martelli, Michael Scarantino Simon Tepas
Dan Natchez (Trustee Liaison)

Absent: Dr. Eric Lutinski, Len Tallevi, Sharron Torres,
Jerry Barberio (Village Manager), Dena Schumacher (LMCTV)

Coyote sightings: Dan mentioned only 1 sighting reported in the Beach Point area. No other activity/sightings have been reported.

Flyer: Karrie mentioned it is important to get the flyer out now since mating season is here. Dan is looking into distribution. Noted the sanitation schedules are going out soon. Committee members present for the meeting were in agreement the flyer looks great. Karrie mentioned the flyer was shared by Westchester County Executive, George Latimer, with other municipalities at their February conference call, so it may be used by other towns as well.

Poster contest: Mike is checking on that. Christine mentioned any content on the flyer should be checked for accuracy regarding information.

Karrie asked Mike if the schools can send a flyer home with each student. He will be speaking to the appropriate staff involved in achieving this. (Mike followed up with an email that the schools can distribute the flyer, we just need to provide them with the copies.)

Interactive map: Dan is looking into the progress of this. Karrie mentioned it's important to pinpoint streets when people call in to report a sighting.

Christine asked about the Coyote PSA video. Karrie mentioned the village may be able to use what LMC-TV is already working on.

Meeting adjourned
