Proclamation of Local Emergency

I, Jerry Barberio, Village Manager of the Village of Mamaroneck, acting within the authority granted to me by Section 24 of the Executive Law of the State of New York, having found that the **West Basin Seawall is in need of immediate repair** has given rise to a public emergency within the territorial limits of the Village of Mamaroneck, and that the public safety is imperiled thereby, do hereby proclaim a local emergency within the Village of Mamaroneck. On 11/3/2022, Village staff assessed the sea wall along the west basin adjacent to the Coast Guard Office and the Marine Unit for Police Department/boaters locker room (structures). Based on a visual inspection, an approximate 100 linear foot section of the sea wall has failed. In two specific locations, stones have toppled, and the wall has bowed out significantly. Much of the stone and fill behind these sections of wall has settled and washed away undermining the top of the wall and the adjacent paved and unpaved sidewalk/walking path, creating a present and dangerous safety hazard. Furthermore, the stability of the adjacent structures may be affected due to their proximity to the failed section of the sea wall as the undermining continues. This local emergency will continue until it is rescinded by me or until December 8, 2022, whichever is later.

Jerry Barberio
Village Manager
Village of Mamaroneck
