- June meetings format (ZOOM or outdoors)

Next Meeting of the MECAC is June 09, 2021 6:00 - 7:00 PM

1. How would you describe your experience visiting the Marine Education Center? If you have never visited the Center before, has anyone discussed their experience of visiting the Center with you? If so, please discuss.

2. Please describe your perception of the Marine Education Center? What role do you see the Center serving within the community and how can it further its mission of promoting knowledge, conservation, and stewardship of the local Long Island Sound ecosystem? (e.g. Continued or increased advocacy regarding policies affecting the Sound, continuing education for older adults, etc.).

3. Based on your experience and personal preferences, what method of communication would be most effective for highlighting the Center and the activities, programs, and services it offers the community?

4. (If applicable) Please describe the program(s) that you or your children have participated in at the Marine Education Center and how that experience was for you?

5. Please describe any programs, services, and/or activities you would like to see offered by the Marine Education Center?
