

Coyote Ad Hoc Committee
Thursday, May 13, 2021
7:00pm | Meeting Via Zoom

Agenda

- Approval of last month's meeting minutes (draft attached)
- Update from the VOM on recent coyote activity
- Update from schools on flyer distribution and poster contest

Coyote Ad-Hoc Committee Meeting Minutes (DRAFT)
Thursday, April 8, 2021 via Zoom

Attendees: Karrie Sergio, Dr. Christine Cyriacks, Elizabeth Gillespie, Michael Scarantino
Simon Tepas
Dan Natchez (Trustee Liaison)

Absent: Dr. Eric Lutinski, Angelo Martelli, Len Tallevi, Sharron Torres,
Jerry Barberio (Village Manager), Dena Schumacher (LMCTV)

Karrie let the committee know that Len Tallevi has resigned from the committee due to other conflicting obligations. We appreciate his service to the committee and wish him all the best.

Coyote sightings: Dan said there have been no reported coyote sightings since our last meeting.

Coyote flyer: Mike let us know that the flyer has not been distributed yet because they are still waiting for copies of the flyer from the Village. Dan will look into having the copies made. Mike said to send them to Bellows and they will interoffice them to the other schools for distribution.

Poster contest: Mike mentioned that we need to check with Eric (who was not in attendance tonight) about the status of the poster contest.

Interactive map: Per Dan, the map has been completed and posted on the Village website. As sightings are reported to the Village Manager's office the map will be updated. It was suggested that if we know people have seen coyotes, we should encourage them to report the sightings to the Village so the map can be updated. Karrie is going to email Robert Ingenito, the Village's Public Information Officer, to ask him to mention the interactive map in his next Village weekly e-newsletter to help get the word out that the map exists and people should report any coyote sightings to the Village.

Coyote PSA video: Karrie informed the committee that the LMC-TV Coyote PSA video was done and posted on LMC-TV's media channel and their Facebook page. She has requested a copy of the video so that we can post it on the Village website as well.

Meeting adjourned
