RE: Taylors Lane, Mamaroneck

Dear George Legislator Latimer:

This is in response to your memo regarding the referenced location.

The Westchester County Department of Health has been involved with this site since its declaration as an inactive hazardous waste site, through the completion of the site's remediation. The Health Department's involvement at this site has included site reviews, environmental sampling and monitoring, and analyzing and reviewing environmental laboratory results.

These site reviews have demonstrated that there are no human health and safety risks with regard to the proposed use. As a result, the Westchester County Department of Health has no objection to this site being considered by the Village of Mamaroneck for sports playing fields.

Sincerely,

Re: Taylor's Lane Compost Site
Village of Mamaroneck
Inactive Hazardous Waste Disposal Site No. 3-60-021

Dear Mr. Reca:

This letter is regarding our telephone call on February 17, 2004. You indicated that the Village of Mamaroneck wishes to convert the above referenced site from passive recreation to active recreation by constructing sports playing fields. The NYSDEC supports the conversion of the site to playing fields and will work with the Village to achieve the conversion from passive recreation to active recreation. The Village of Mamaroneck is currently responsible for the operation and maintenance (O&M) of the site and will continue to be responsible for O&M after conversion of the site. The NYSDEC will need to review plans for the construction of the playing fields, for example, the location of proposed parking areas and traffic routes over the site. The NYSDEC will work with the Village to construct the playing fields in a manner that will maintain the integrity of the landfill.

If you have any questions, please feel free to contact me at (845) 256-3153.

Re: Mamaroneck Taylor's Lane Compost
NYS Site No. 3-60-021

Dear Mr. Pergadia:

Please be advised that my office has been requested by the Village's Recreation and Parks Commission to inquire into the process and feasibility of creating playing fields at the Taylor Lane site.

The lack of sufficient playing fields for organized sports, such as soccer, has been an issue and concern for several year's and all options are presently being considered by not only the Village, but also the Mamaroneck School District and the Town of Mamaroneck.

Based on public hearings conducted during the closure of the site, and the input of area residents, a passive recreation area was created on the site.

I have enclosed a summary prepared by the DEC summarizing the site closure, which will provide some background on the site.

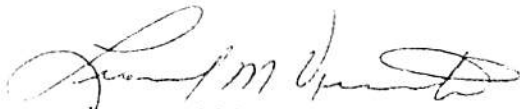

I would like to be informed, in writing, what steps would be required if the Village wanted to amend the DEC permit closing the site, such as re-opening the public comment process.

I have a proposed layout on file that contemplated the construction of two (2) regulation soccer fields at the site.

Dear Debbie:

I have lived in the Village of Mamaroneck for 43 years and am currently residing at 314 Melbourne Avenue. I spent the first 18 summers of my life at the Harbor Island Beach area and have wonderful memories of being able to play in the sand and swim in the water at the beach. At that time, many people used the beach, and the water was clean. After re-visiting the harbor fifteen years later, with my wife and children, I was disappointed in what I saw. There was debris everywhere, the water was dirty, and only a handful of people were there. At that time, I decided that I had to do something to bring back this area so that the community would return and more wonderful memories would be formed for future generations.

By attending recreational meetings and board of trustee meetings, I was able to vocalize my beliefs that cleaning up the beach area and water should be a high priority for local officials. I also suggested to one of the ex-trustees that we should install a sprayground on the beach in order to allow our children in the Village of Mamaroneck to utilize beach area water activities, particularly when the water in the sound is too polluted to swim in. This sprayground would hopefully bring area families back to the beach area to enjoy the beautiful harbor. In addition, the Village of Mamaroneck has a summer camp program for approximately 300 children. Wouldn't it be great to allow these children to enjoy the water in their own community rather than going to the Hommocks or Saxon Woods Pool?

I believe the placement of the sprayground should be on the sand near where the old Walters Hot Dog Two stand was located. With the sprayground in this location, a family like mine with children of ages 4, 8, and 10, would be able to play in one area of the harbor...with the younger one in the sprayground and the older ones in the deep water of the harbor. To install this sprayground elsewhere in the harbor other than the beach area wouldn't allow me to oversee the safety of my children in one area.

In addition, I think it is very important to clean up the water in the sound by identifying and correcting the source of pollutants. I applaud the efforts by the county and local officials in this regard. The sooner that the problem is identified, the sooner the residents of this community can return to the harbor to swim.

In conclusion, the harbor area is for this community as a whole. While we continue to discuss improvements to the harbor, we should make every effort to provide a beautiful, safe, environment with plenty of activities for all who live in the community....regardless of ethnic origin, age, or economic situation. The installation of the sprayground and the steps to identify and correct sources of water pollutants are definitely steps in the right direction.

Sincerely,

Carlo Reca

Dear Carlo:

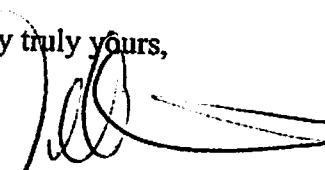

I wanted to thank you for your commitment to the concept of a sprayground.

After considerable discussion and investigation, the Board of Trustees unanimously voted to proceed with the sprayground, but to relocate it from an area on the beach immediately behind the Pavilion to the area shown on the enclosed diagram. I believe that the decision to continue with the project reflects the careful consideration by the Board of recreational, planning and budgetary issues.

I am looking forward to continuing discussions about the development of a master plan for Harbor Island and know that the beach and adjacent areas will always be used for water related activities which will be consistent with the sprayground. No member of the Board believes that the sprayground is a substitute for reopening our beach.

Once again, thank you for pursuing this issue.

Very truly yours,

Deborah Chapin,

THE FRIENDLY VILLAGE

Parks and Recreation Commission Meeting - September 6, 2023, 7:00 PM

Village Courtroom, 169 Mount Pleasant Avenue, Mamaroneck, NY 10543

Attendees: Tina Maresca, Tim O'Connor, Randi Robinowitz, Brittany Ross, Carlo Reca, Kristen Barnard, Karrie Sergio

Present: Jason Pinto, Jeff Ahne, Manny Rawlings

Absent: Kristen Vetter, Eric Williams

Opening:

Tina made a motion to open the meeting, seconded.

Parks and Recreation Master Plan Update:

Holding off until our October meeting when Jerry can attend.

Review of Village Code Chapter 260 (Parks) – Subcommittee Review Update:

The commission would like to see the proposed changes as written by the legal department so they can review it and make a recommendation. Manny will ask for a draft for us to review prior to it going to the BOT for approval. Tina made a motion to approve the recommendations for the first draft to be sent to legal. All approved.

Update on Fields For Kids Board of Trustees presentation:

Tina, Jason, Jeff, and Kristen B met with Fields for Kids (FFK) in mid-August. They are going to come up with a list of priorities, a track being one of them, and create a master project schematic for HIP to be brought to the BOT in October with the capital plan.

Jefferson Avenue Park Renovations Update:

Jeff said they will be done by the 16th. New fencing and blacktop are being done but will have to close the park for one more day a couple of weeks later to paint the basketball court once the blacktop is cured. The ribbon-cutting ceremony is set for September 17th.

Florence Park: English Place & Park Avenue entrance discussion:

Tina said the Traffic Commission wants to add a handicapped parking spot by that entrance to help alleviate the traffic and parking problems. Jeff said they would also add no parking signage by the guardrail with the one handicapped spot and a ramp to get into the park which would help with the issues and bring handicapped access to the park. If the Traffic Commission approves it this could open up the conversation about handicapped access at our other parks.

Taylor's Lane Discussion:

Tabling discussion.

Dog Park Update:

It was asked about what happened with the recent dog bite incident at the Bark Park because we had not been given an update. What were the ramifications, do we know who did it, was that person's dog park access revoked, is that dog no longer allowed at the park? The police and Village officials were there and we need to know how incidents like this are handled. It is the Village's responsibility but whose responsibility within the Village is it to follow up and address it? It was also asked how long the Village plans on keeping the dog park attendant. Per Jason, until the end of October. It was also asked about if there were any bench donations. Per Jason and Jeff, there have been no bench donations brought to the Village to date.

Spray Ground Update:

Jeff informed us that the spray ground update/expansion plans are out right now to a company called Playsafe, they are going to come up with two options, one with a wading pool and one without, both would be bigger. They should have something to him by the end of the month.

Parks Update:

Per Jeff, upcoming events are the car show, family camp out, mums and fall plantings, decorating the Avenue, assisting with the scarecrow builds, and field reseeding. The recessed area by Little League is being filled with 42 yards of topsoil and reseeded.

Recreation Update:

Per Jason, summer camp was good, they had 322 campers, they were not rained out but the water was closed for swimming for about 10 days. It was a challenge but they had hoses, water games, water slides, and sprinklers to compensate. The temporary basketball court was also a big hit.

It asked about the tennis bubble and the potential community center; Manny said the tennis bubble was coming up. We are also still waiting for the cost/benefit analysis about Sportime from Jerry. Manny also said the community center is still on the table, they are just trying to prioritize what is most urgent.

Closing: Randi made a motion to approve the June minutes, Kristen seconded, minutes were approved as is. Meeting adjourned. Next meeting is October 4, 2023.
