Tree Committee members,

FYI.

We will incur expense to move the tree this year. I will do my best but of course these things do not go well all the time. JB

Marion Pantgihis. She lives at 708 Palmer Avenue. The Village had a tree planted in front of her home. She cannot see to get out of her driveway. She spoke to someone in the Manager's office and was told that the tree would be removed in April; said she cannot wait. She also said that when the company was in her neighborhood, she asked if they were planting a tree in front of her home and was told no and laughed at.

Tom, can you please call her? 698-4910.

Thank you.
