OR USE THE QR CODE BELOW

Join the Village of Mamaroneck's Tree Committee for a **FREE** Winter Tree Walk at Columbus Park with Jocelyn Kleinman, Education Director of the Sheldrake Environmental Center. Tree walks offer an opportunity to spend time outdoors and enjoy the life-giving benefits of trees while learning about our local urban forest. Participants will explore tree species and learn some in-depth information, fun facts, and tips about caring for trees.

This event is **FREE** and open to the public; but registration is required. Participants will be asked to complete Waiver Forms before the Tree Walk begins.

Our group will gather in front of the Modern on Rails restaurant at 1 Station Plaza. Minors must be accompanied by an adult.
