Section 1.

Section 200-4 of the Code of the Village of Mamaroneck is amended as follows:

§ 200-4 Receptacles; standards and placements.

- E. Refuse containers **must** ~~shall~~ be placed in the sidewalk area immediately in front of the buildings in business districts at specified collection times. Refuse containers ~~shall~~ **must** be placed ~~at ground level~~ in an accessible location at the **curb on the street in front** ~~the side or rear~~ of a dwelling or building in any residential district and of residences in commercial and manufacturing districts. **The Village Manager may exempt from this requirement any residence in which there is no resident adult under the age of 70 or, upon proof in the form of a note from a treating physician, there is no resident physically able to bring the refuse containers to the curb.** ~~During the winter, a path or a way must be cleared from the street to the location of the garbage containers. At all times other than collection times, receptacles must be stored out of public view on the owner's property.
